Emnekode og evt. tittel tema: RELV210/310 Supervised Themes in the Study of Religions

Semester: autumn 2014

Emneansvarlig: Håkan Rydving (substitute for Michael Stausberg)

Undervisningsopplegget:

The teaching consisted of supervision in order to prepare the writing of a term paper on a theme selected by the individual student.

Pensum:

The only of the two students (see below) who chose a theme wanted to write about 'Islamische Feminismus', a theme to which I prepared a readings list.

Kommentarer til evt. tilbakemelding fra studenter, evaluering eller eksamensresultater:

There was no evaluation of the course this term, and it should be noted that the course is not included in the evaluation plan of the department. Why?

Two students intended to take the course and one of them started to plan the term paper, but both of them also studied other courses and they gave priority to them when they realised that the RELV210/310 course would take much more time than they had expected. Already in September they therefore decided to drop it.

Tiltak du vil vurdere for å forbedre undervisningen neste gang det undervises:

I have taught this course several times before, and the results have been very good, so the lack of results this term is most probably due to the fact that the only two students who registered had too much to do in their 'ordinary courses' to be able to take the RELV210/310 course at the side of them.
