

Report PHYS231 (Radiation Physics) – spring 2015

Implementation

17 weeks of lectures (mostly 3 hours per week) and exercises (2 hours per week)

Exercises were mostly supervised by a PhD student

Lectures were given using the black board

Norwegian compendium available from “Akademika”

English script (partially) available on “My space”

Exercises and solutions available on “My space”

Participation

About 30 students registered. Average participation in lectures: 70%, in exercises: 30%

Exam

24 registered students for the oral exam, 2 candidates did not show up.

Character distribution: A: 4 B: 8 C: 5 D: 3 E: 1 F: 1

Evaluation

Unfortunately, only 7 students filled in the evaluation form.

Planned improvements: Completion of an updated script in English, more exercises, lecturer will be more present during exercises
