

Report PHYS241 (Nuclear and Particle Physics) – spring 2015

Implementation

17 weeks of lectures (mostly 3 hours per week) and exercises (2 hours per week)

Exercises were mostly supervised by a PhD student

Lectures were given using the black board

English script available on “My space”

Exercises available on “My space”

Participation

About 31 students registered. Average participation in lectures: 70%, in exercises: 50%

Exam

31 registered students for the oral exam, 6 candidates did not show up.

Character distribution: A: 9 B: 6 C: 6 D: 2 E: 1 F: 1

Evaluation

Unfortunately, only 9 students filled in the evaluation form.

Planned improvements: tighter coupling between lectures and exercises, lecturer will be more present during exercises
