

## **Emnerapport**

**Emnekode og evt. tittel tema: RELV208/308 Sami Religion**

**Semester: autumn 2015**

**Emneansvarlig: Håkan Rydving**

**Andre lærere på emnet: —**

**Undervisningsopplegget:**

*The teaching consisted of ten lectures, two introductory, three about rituals, three about narratives, and two about religious change and continuity. The students were active during the lectures. In addition, they were encouraged to send questions to me between the lectures (which no one did, though).*

**Pensum:**

*The course literature consisted of (parts of) six monographs, one of them in German or French because there is no general introduction to Sami religion in English, and in addition an article and extracts of a book to be downloaded from the Internet, and a compendium with eight articles.*

**Kommentarer til evt. tilbakemelding fra studenter, evaluering eller eksamensresultater:**

*There was no evaluation of the course this term (since it was the last time the course was given), but comments from individual students have been positive.*

*Between four and six students attended the lectures. Five students were registered for examination.*

**Tiltak du vil vurdere for å forbedre undervisningen neste gang det undervises:**

*This was the last time the course was given.*

**Undervisningsfasiliteter:**

*Everything worked well.*
