Samlet status

Here are comments on the evaluation of my course INF 270 in autumn 2016:

What are the students satisfied with:

- useful and interesting topic of the course;
- book that was used as a material in the course;
- lectures were well taught.

What are the students unsatisfied with:

- they want more feedback on mandatory homework;
- they want more exercises/homework for group sessions.

Suggestions for future improvements:

- Presentation of a better structured plan about the contents of the sections of the course.
- Giving e better feedback on mandatory homework.
- Provide a greater amount of exercises/homework.
