

## **Emnerapport**

**Emnekode og evt. tittel tema: RELV210/310 Supervised Themes in the Study of Religions**

**Semester: spring 2016**

**Emneansvarlig: Håkan Rydving**

**Andre lærere på emnet: —**

**Undervisningsopplegget:**

*The teaching consisted of supervision in order to prepare the writing of a term paper on a theme selected by the individual student. In contrast to earlier terms, the students worked on their own to a great extent and most of the supervision was therefore made via e-mail.*

**Pensum:**

*The students prepared their respective readings lists in cooperation with me. One wrote about problems of determining religious membership, the other about Jewish mysticism.*

**Kommentarer til evt. tilbakemelding fra studenter, evaluering eller eksamensresultater:**

*There was no evaluation of the course this term, and it should be noted that the course is not included in the evaluation plan of the department.*

*Of the two students who took the course, one received an A, the other a C.*

**Tiltak du vil vurdere for å forbedre undervisningen neste gang det undervises:**

*I have taught this course several times before, and the results are generally very good, probably because the students write about a theme they have chosen themselves and therefore have a great interest in.*
